Championship Show 1
Critiques
Judge : Mrs D Riley (NZ)

“Firstly I would like to thank the club for inviting me to Judge your show, and for the hospitality. I would like to thank the steward who made the day run very smoothly. I must say I was most impressed with the Trophy table and the committee should be very proud of their efforts.

I have written here what I can from the notes I took on the day. I believe that a critique should list the things you liked and did not like about the dog you judged on the day. As you will all likely know this is only my opinion, and as the saying goes another day another judge, another opinion.

Overall I found your dogs to be in good condition and shown very well.

Wishing your club all the very best for the future. Regards Diane Riley”

1st #1 Rufdiamonz Shake Rattle N Roll (AI)

A lovely strong dog puppy with correct proportions nice deep head good eye shape and colour with correct ear set, good mouth correct neck, shoulders, pasterns and feet. Good top line and good turn of stifle. Tail was a little long. Moved well for a baby. Nice pup.

1st # 3 Customade The Fast N Furious (RESERVE BEST IN SHOW)

Very nice type well balanced dog with short back, good bone and correct proportions. Lovely head, good eye shape and colour. Correct ears, neck could be a tad little bit longer if I am to be picky. Good shoulders, bone front, pasterns and feet. Good turn of stifle and musculation correct top line and tail set, but again would prefer a shorter tail. A good level mover in side gait, but a little close behind. Loved this dog's type.

2nd #4 Forevapals Super Trouper

This dog was not as well balanced as 1st place as he was too long in back. A little looseness at throat but a nice amount of arch, good eye colour, ears were ok. Shoulders were upright which is why he is longer in body. Good bone and pasterns and feet. Top line was a little roached. Hindquarters too straight, yet his tail was still set low. He moved a bit close behind and paddled in front.

2nd #5 Newbelle Champagne Charlie

Good deep head correct ears, eyes, and mouth, has good bone, feet and pasterns. Some looseness of throat a big dog over size and not as well-proportioned as 1st place as he is a bit long due to a short upper arm. Not a great topline and has a gay tail.
